

# IEEE Journal of Oceanic Engineering

## Call for papers

### Special Issue on Underwater Communications and Networking 2016 (UComms16)

The Journal will publish a Special Issue focusing on leading-edge research and developments in the domain of Underwater Communications and Networking, following UComms16, a conference hosted by NATO STO Centre for Maritime Research and Experimentation, held in Lerici, La Spezia 30 August – 1 Sept 2016.

The Special Issue is open to contributed papers that are expansions of the short papers presented at the conference.

#### Guest Editors:

João Alves, Project Leader  
NATO STO CMRE  
Viale San Bartolomeo, 400  
La Spezia 19026  
Italy  
Joao.Alves@cmre.nato.int

John Potter, Principal Strategic Development Officer  
NATO STO CMRE  
Viale San Bartolomeo, 400  
La Spezia 19026  
Italy  
John.Potter@cmre.nato.int

Prof. Ian Akyildiz  
Georgia Institute of Technology  
Atlanta, GA 30308,  
USA  
ian@ece.gatech.edu

**Deadline for submission of papers:** January 9, 2017. Manuscripts submitted at any time before this date will be considered for publication in the Special Issue. All manuscripts must be submitted through the Journal's website: <http://joe.msubmit.net>

Authors should include a cover letter when submitting their manuscript indicating that the contribution is intended for the "**UComms16 Special Issue**". If the authorship deviates from the short paper presented at UComms16 and published in IEEE Xplore, the changes should be described and explained.

Individual papers will be posted on IEEE Xplore immediately on approval of the final galley proof, thus becoming downloadable and citable in advance of publication in the regular issue of the Journal.

**Proposed target date for publication:** October 2017
